

AI NEWS - AI LEGISLATION UPDATE

AI Legislative Update: Feb. 6, 2026

During the state legislative season TCAI offers weekly updates every Friday on a variety of AI-related bills making progress in around the nation.

This past week: Kansas legislators approved an AI-related child exploitation bill and sent it to the desk of Gov. Laura Kelly. Illinois legislators introduced more than a dozen AI-related measures.

safety measures for kids. (Rep. Callan, Sen. Wellman, et al.) Both now with the Rules Committee of their chamber of origin, awaiting floor votes.

[HB 2503](#) concerns increasing transparency of training data in artificial intelligence. (Rep. Shavers, et al.) Approved by House TEDV committee on Jan. 28, referred to Appropriations.

[SB 5886](#) amends existing law to include “forged digital likeness” as something in which every individual has a property right in the use of his or her name. Approved by the Senate on Feb. 5, sent to House.

Oregon:

[SB 1546](#) is an AI chatbot safety bill that could move to a floor vote early next week. We have a full guide to this bill [here](#).

California:

[SB 300](#) was approved in a Jan. 26 third reading vote by the Senate and sent to the Assembly. The bill would strengthen existing laws regarding chatbots, by requiring companion chatbot operators to prevent their products from producing or facilitating the exchange of any sexually explicit material or proposing sexually explicit content.

Illinois:

[SB 3261](#), a promising chatbot safety bill, creates the AI Public Safety and Child Protection Transparency Act. Of the many AI bills introduced in Springfield this week, this is one to watch.

[SB 3263](#) creates the AI Provenance Data Act, an AI disclosure measure.

Nebraska:

[LB 939](#) requires AI chatbot operators to ensure that human-like features are not made available to minors, make regular disclosures to all users, etc.

ALABAMA

Alabama has several AI-related bills in play:

- [HB 324](#) requires an age verification systems required for chatbots, safeguard protocols, therapy chatbot requirements established, private right of action. (Rep. Moore)
- [HB 325](#) is an AI chatbot disclosure bill; unfair or deceptive trade practice for failing to notify consumer about AI chatbot. (Rep. Moore)
- [JR 51](#) creates an AI and Children's Internet Safety Study Commission. (Rep. Robbins)
- [SB 129](#) would require the disclosure of artificial intelligence-generated content. (Sen. Melson.)
- [HB 171](#) and [HB 173](#) concern addictive algorithm feeds in social media, and sets limits on notifications to minors. (Rep. Robbins.)
- [SB 63](#) would regulate the use of artificial intelligence in determinations of coverage by health care plans. (Sen. Orr.)

ARIZONA

The Arizona legislature became the first in the nation to formally convene a dedicated [House Committee on Artificial Intelligence and Innovation](#) last month.

AI bills in play:

- [HB 2592](#) would require every state agency to identify opportunities to implement AI systems

CALIFORNIA

Action on leading AI bills this week:

- [SB 300](#) (Sen. Padilla) was approved in a Jan. 26 third reading vote by the Senate and sent to the Assembly. The bill would strengthen existing laws regarding chatbots, by requiring companion chatbot operators to prevent its chatbot products from producing or facilitating the exchange of any sexually explicit material or proposing sexually explicit content.
- [SB 719](#) would amend an existing law that requires the Department of Technology to submit an annual report to the legislature with an inventory of all high-risk automated decision systems used by state agencies. (Sen. Cabaldon.) Approved by Senate on third reading on Jan. 26, sent to Assembly.
- [AB 1159](#) would apply the state's existing student privacy protections (under KOPIPA and ELPIPA) to digital operators with knowledge that the site, service, app, etc, is used for and marketed for school purposes. (Assm. Addis.) Approved by Assembly on Jan. 26, sent to Senate.
- [SB 813](#), Sen. McNerney's bill from 2025, was revived and re-referred to the Senate Appropriations Committee. The bill would establish a California AI Standards and Safety Commission. Approved by Senate in Jan. 27 vote, sent to Assembly.
- [SB 574](#), Sen. Umberg's bill from 2025, was amended and re-referred to the Senate Appropriations Committee. The bill would establish protections and standards for attorneys licensed by the state, with regard to their use of AI. Approved by Senate on Jan. 29, sent to Assembly.

Previously introduced:

- [SB 867](#) (Sen. Padilla) would prohibit the inclusion of companion chatbots in toys. It is with

- [SB 1344](#) is a chatbot bill: requiring operators to require a companion AI chatbot user to create a user account; requiring operators to take certain actions if the age verification process determines that a user is a minor; requiring operators to protect the confidentiality of age verification information provided by a user; providing that violations of the act are deemed deceptive and unfair trade practices, etc. (Sen. Burton)
- [SB 1458](#) creates the AI in Higher Education Study Group. (Sen. Davis)
- [SB 344](#) and [HB 281](#) would prohibit the use of artificial intelligence in the practice of psychology, clinical social work, marriage and family therapy, and mental health counseling, etc. (Sen. Grall, Rep. Hunschofsky, Rep. Trabulsky.)
- [SB 202](#) would require that an insurer's decision to approve or deny a claim be made by a qualified human professional; AI may not be used as the sole basis for decision. (Sen. Bradley, et al.)

Previously: Florida Gov. Ron DeSantis made headlines with his endorsement of a sweeping [AI Bill of Rights](#), and that package was officially filed by Sen. Tom Leek in late December.

- [SB 482](#), the Florida AI Bill of Rights, prohibits a governmental entity from extending or renewing a contract with specified entities; creates the "Artificial Intelligence Bill of Rights"; provides the rights of Floridians relating to the use of artificial intelligence; requires companion chatbot platforms to prohibit a minor from creating new or maintaining existing accounts unless the minor's parent or guardian consents; prohibits artificial intelligence technology companies from selling or disclosing the personal information of users unless the information is deidentified data, among other things. Sponsor: [Sen. Tom Leek](#) (R).
- [HB 659](#) would require operators of companion chatbots to verify the age of users and take specified actions for users who are minors. Sponsor: [Rep. Christine Hunschofsky](#) (D).

[HB 171](#) would prohibit the distribution of computer-generated CSAM. (Rep. Thomas, et al.) The bill was recommitted to the Senate on Jan. 12.

HAWAII

AI-related bills in play:

- [HB 1782](#) establishes safeguards, protections, oversight, and penalties for interactions between minors and artificial intelligence companion systems or conversational artificial intelligence services. (Rep. La Chica, et al)
- [HB 1787](#) establishes restrictions on the use of AI for decision-making in health insurance utilization reviews. (Rep. La Chica, et al)
- [HB 1384](#) establishes the Hawaii AI Advisory Council.
- [SB 2585](#) requires the Dept. of Health to create and maintain an online clearinghouse, enhanced by AI, of evidence-based treatment and prevention programs. (Sen. Gabbard, Sen. Chang)
- [SB 2076](#) protects a person's right to publicity from AI deepfakes. (Rep. Wakai, et al)

Previously filed: [HB 639](#), and [SB 640](#), carried over from the 2025 session, are companion AI disclosure bills that require notice to consumers when interacting with an AI chatbot. Sponsor: [Rep. Trish La Chica](#) (D), et al.

IDAHO

[SB 1227](#) establishes provisions around the use of Gen AI in public education.

NEW YORK

New York Gov. Kathy Hochul led off 2026 with a loud endorsement of Sen. Andrew Gounardes' bill on kids and AI safety, but we have yet to see the bill officially filed. Other recent action includes:

- [A 6578](#) and [S 6955](#) are companion bills establishing the Artificial Intelligence Training Data Transparency Act, which would require developers of Gen AI models or services to post on the developer's website information regarding the data used by the developer to train the generative artificial intelligence model or service, including a high-level summary of the datasets used in the development of such system or service. (Assm. Bores, et al., and Sen. Gounardes.)
- [A 222](#) and [S 5668](#) are companion bills that deal with AI liability: The bills impose liability for misleading, incorrect, contradictory or harmful information to a user by an AI chatbot that results in financial loss or other demonstrable harm. AB 222 is sponsored by [Asm. Clyde Vanel](#) (D) and [Asm. Jennifer Lunsford](#) (D), while SB is sponsored by [Sen. Kristen Gonzalez](#) (D).
- [A 8595](#) and [S 8331](#) are companion bills establishing the New York AI Transparency for Journalism Act. It would require Gen AI developers to post information on the developer's website regarding video, audio, text and data from a covered publication used to train the system; allows journalism providers to bring an action for damages or injunctive relief against developers. (Assm. Otis, Sen. Gonzalez.)
- [S 9028](#) prohibits employers from engaging in discrimination on the basis of a protected class when using AI for recruitment, hiring, promotion, etc. (Sen. Welk)
- [A 6540](#) and [S 6954](#) are companion AI disclosure bills that would require synthetic content creation system providers to include provenance data on synthetic content produced or modified by a synthetic content creations system that such provider makes available. (Assm. Bores, Sen. Gounardes.)
- [A 6545](#) and [S 7263](#) are companion bills carried over from 2025 that impose liability for damages caused by a chatbot impersonating a lawyer or offering services limited to

- [HB 3546](#) prohibits an AI system from being recognized as a legal person. (Rep. Maynard, et al)
- [HB 3244](#) includes the use of AI as a factor in the crime of aggravated identity theft. (Rep. Bashore)
- [HB 4462](#) concerns the use of AI in health insurance authorization decisions. (Rep. Newton)
- [SB 1241](#) prohibits the use of AI bots in ticket sales and purchasing. (Sen. Coleman)
- [HB 3547](#) concerns the use of student data for commercial purposes. (Rep. Maynard)
- [HB 3959](#) concerns algorithmic pricing and consumer data. (Rep. Munson)
- [SB 1785](#) creates the Citizen's Bill of Rights, which includes certain AI provisions. (Sen. Jett)
- [HB 3544](#) concerns AI chatbots and minors. (Rep. Maynard, et al)
- [HB 3675](#) concerns the use of AI in health insurance authorizations. (Rep. Provenzano)
- [HB 4083](#) concerns AI chatbots, minors, age verification. (Rep. Alonso-Sandoval)
- [SB 1521](#) would prohibit the creation of certain artificial intelligence chatbots, and require age verification measures and protections for users. (Rep. Hamilton.)
- [SB 2037](#) would require informed consent for use by licensed mental health professionals or health care providers; it would also authorize and prohibit certain uses. (Sen. Goodwin.)

OREGON

Several bills are under consideration, including:

- [SB 1546](#) is an AI chatbot safety bill moving quickly. We have a full guide to this bill [here](#).
- [HB 4103](#) creates a commission on AI and a Chief AI Officer within DAS.
- [HB 4054](#) requires some health insurers to inform health care providers when they use AI to downcode a claim for reimbursement.

PENNSYLVANIA

Pennsylvania has a number of AI-related bills in play so far:

- [HB 2006](#) is the Artificial Intelligence in Companionship Applications Safety Act. This bill requires safeguards built into companion chatbots, especially concerning suicidal ideation and/or self-harm.
- [HB 2100](#) is a bill to regulate the use of mental health chatbots and artificial intelligence by mental health therapists. Sponsor: [Rep. Jennifer O'Mara](#) (D), et al.
- [HB 1857](#) would require business entities to disclose the use of artificial intelligence in certain consumer interactions, and establish the right of consumers to human review in high-impact decisions. (Rep. Waxman, et al.)
- [HB 1993](#) concerns the use of artificial intelligence in mental health therapy. (Rep. Shusterman, et al.)
- [HR 331](#) is a resolution urging the Pennsylvania Supreme Court to adopt safeguards governing the use of artificial intelligence by attorneys. (Rep. Krupa, Rep. Banta.)
- [SB 1090](#) is an AI disclosure bill that requires certain disclosures and safeguards relating to the use of artificial intelligence. Sponsor: [Sen. Tracy Pennycuik](#) (R), et al.

RHODE ISLAND

Under consideration:

- [S 2195](#) requires operators of AI chatbots to create safety features regarding suicidal ideation, and physical or financial harm to others. (Sen. Urso, et al)

- [S 2010](#) promotes transparency and accountability in AI use by health insurers. (Sen. Ujifusa, Learn News
